ADMINISTRATION

Thinking is an individual matter. Your thoughts have left impressions while here in school. The impressions were either good or bad. The impressions left behind need not be the ones of the future. Improved thinking will help improve the impressions of the future. As a man thinketh in his heart so is he.

A message from the

BOARD OF EDUCATION

AS A MAN THINKETH
IN HIS HEART
SO IS HE.

BOARD OF EDUCATION

STANDING: Mr. Joe Driscoll. SEATED: Mrs. Elinor Bretz, Mr. Harold Gray, Mr. George Garrod, Mr. Charles Crook, Mr. Ralph Elliott, Mrs. Beulah Converse.

SUPERINTENDENT

Congratulations to the Senior Class. May this Annual serve as a reminder of your many pleasant memories while attending school.

The words which Winston Churchill used to encourage the English people during World War II could be used appropriately at the end of your high school education. He said, "This is not the end, this is not even the beginning of the end; this is just the end of the beginning."

Joe W. Driscoll

It has been said that "The man who graduates today and stops learning tomorrow is uneducated the day after." As you continue your formal education or enter a vocational area, use the knowledge and experience gained at Crestview not as a finality, but as a "stepping stone" to further learning. Only then will you be able to cope with the demands and complexities of our society.

David Habeger
Principal
Crestview

As we have worked with you and loved you, may you have the satisfaction of working with and loving others that you may feel the elation that we enjoy as we see you facing life with courage and strength.

Ruth Miller
Principal
New Waterford

This annual records some of the achievements of the members of the class of 1964. As you leaf through its pages in the years to come, you will no doubt experience a glow of pride in these achievements, accompanied by a feeling of gratitude for the opportunities which have been yours.

The best wishes of all of us go with you as you leave Crestview High School. May success and happiness be yours in every venture of life.

Alton P. Dobson
Principal

FACULTY

The faculty, unlike the students, are a permanent part of the school. They make Crestview a place of learning and not just a building. Our teachers do much more than teach you. They play an active part in school activities by acting as advisors and sponsors of clubs and classes. In the classroom, the teachers pass their knowledge on to you in hopes it will help you after you leave school.

Our teachers can be very proud that they have helped us all in some way, no matter how small or insignificant it may have seemed at the time.

CHILDREN NEED MODELS MORE THAN THEY NEED CRITICS

SENIORS

In years to come we shall sit back and show our children or close friends all the memories captured herein. This book cannot show everything we would like to remember forever, but it does bring out the highlights that made our life at school bright in learning and in fun. Through the years we have been able to adjust to the demands of society because of the help we have received here at Crestview.

Here at Crestview we do not just learn a high form of "The Three R's," but also a way of life and of love for our fellowmen. We are exceedingly proud to be a part of such a fine school district with such high educational values.

STUDENT LIFE

The experiences we have gained through our extracurricular activities and our participations in "student life" have been an important part of our education. They have helped us to know ourselves better by knowing others.

Here at Crestview there is a wide variety of events and types of activities in which the student can participate. Because of such "fun and friends" our high school days have been pleasant and rewarding.

Our thrills of special occasions and memorable events are recorded here . . . our every day school life is also represented . . . this is student life.

VARIETY IS THE
SPICE OF
LIFE.

UNDERCLASSMEN

The Class of Nineteen Hundred and Sixty-Four is sadly saying good-bye to all of the things that have been a part of us for a decade and more. We are grieved because Crestview has no longer a place for us. She has discipled, discovered and developed our minds, but she can no longer train us. We are now on our honor to become good citizens. We hope that the up and coming students will plan their futures wisely and not slack in any of their duties. Now to the Juniors, next year's Seniors, Sophomores and Freshmen we say 'Good Luck' with a forward look.

SPORTS:

World of Challenge!

Crestview like many other well-balanced schools is leading in sports activities. Though being only a small, new high school, we are proud to say that this has not held us back.

We have many fields of sports including football, basketball, track, golf, and the recently added trampoline.

School spirit has been high here at Crestview. Through rain, sleet, or snow people have come to back their favorite team and to these people goes a grateful "thanks." The teams have made us proud of being a part of Crestview and we hope that the golden qualities of sportsmanship and fair play never die as long as Crestview stands.

THEY CAN CONQUER
WHO BELIEVE
THEY CAN.

CLUBS

The clubs at Crestview play an important part in the forming of our school and its reputation. In these clubs, the students learn how to associate with the people around them and to accept any responsibility that may be thrust upon them. Here the pupils can show their best qualities whether they be in leadership, sports, or in just having fun. Without these clubs, the life of the student would not be well rounded.

NOTHING GREAT
WAS EVER
ACHIEVED WITHOUT
ENTHUSIASM.

Youth and the World

"There is many a battle that's yet to be won,
There is many a glorious deed to be done.
The world is still young! For the youth at its door
There are tasks some shall do, never dreamed of before.
It is not an old world, worn and wrinkled and gray,
It's a world that is being reborn every day!

McKELVEY'S

CONGRATULATIONS, GRADUATE! We're proud of you! After four years of work and fun, of discovering new interests and growing up — the big day is at hand! As old folks of 81, we envy you your youth . . . your energy . . . the opportunities for travel (perhaps, even to the moon!) . . . that previous generations never knew. It's an exciting and challenging world you're entering, and we're sure you will not only meet its challenge, but enjoy doing it. Whatever your next step may be — college, a job, the army — we have confidence that you won't let your education and ambitions stop with that diploma.
